## Furniture Care Instructions

### **Linoleum:**

Daily cleaning of linoleum should be done using a mild cleaning solution. We recommend using cleaning product with a PH value between 5 and 9 in diluted form. We also recommend using a linoleum care product twice a year.

If very soiled use mild cleaning product to recommended dilution. Follow with clean water and linoleum specific care product.

### **General:**

Never place your furniture in a wet room, or other places with large changes in temperature and moisture. This will compromise the look and life span of the furniture.

**In case of mechanical issues,  
use our trouble shooting guide**
